B. G. NELSON STATE AGENT

Secures Fine Position In The Field Work of The Agricultural Bureau.

HEADQUARTERS LEXINGTON.

Assigned To Boys' Corn Clubs and Other Branches of Responsible Work.

Mr. B. Gordon Nelson, President of the Christian County Crop Improvement Association for the last year and Secretary of the Pennyroyal Fair Association, has accepted a responsible and lucrative position under the Agricultural Department and Bureau of Plant Industry.

He has already entered upon his duties, which include the State agency of the Boys' Corn Clubs. He will be a sort of general utility man who will be sent out to make talks on agricultural subjects, install county agents and look after institutes. He attended the Farmers' Institute at Henderson this week and is at home for a few days. Mr. Nelson's headquarters will be Lexington, but his family will remain here and for the present he will be assigned to duties in this end of the State.

Mr. Nelson went to Lexington two weeks ago, where he has been receiving instructions from Bradford Knapp, of the Government Bureau of Agriculture. He enters his new work abundantly equipped for the duties. Born on a farm, he has had varied experience as a farmer, thoroughbred stock breeder, tobacco grower and for several years as a tobacco buyer. He has long been prominent in agricultural and good roads movements and farmers' organizations. He was one of the organizers of the Pennyroyal Fair and has been the secretary since its organization. He is in the front of all live business projects concerning the city and county and with it all is a popular gentleman and a citizen of broad intelligence and much information acquired as a student of public affairs. The field he enters offers great opportunities for promotion and Mr. Nelson's friends here will confidently expect him to give a good account of himself.

Incidentally he will be missed in many respects, being a prominent member of the Elks and other orders and a vestryman in Grace Episcopal church.

UNDER FLAG OF TRUCE

Tse-Ne-Gat, Hunted Piute Indian Gets Away—Feared Utes Will Join Revolt.

Washington, Feb. 26.—United States Marshal Nebeker telegraphed the attorney general late Wednesday that Tse-Ne-Gat, the Piute Indian charged with murder, had escaped from his entrenchment west of Bluff, Utah, after displaying a flag of truce and offering to surrender.

The marshal asked for a detachment of twenty Navajo police scouts from the Ship Rock agency to aid in pursuit of the fugitive and his companions.

The Indian bureau, at the request of the department of justice, ordered the Ship Rock agency to rush the detachment of police to the scene. Assistant Attorney General Warren telegraphed the district attorney in Utah not to hesitate to call for troops if they were needed.

BRICK EMBEDDED IN HEART OF A TREE.

Gallatin, Tenn.—In removing a large, camore tree which stood in the back yard of Mrs. Prudence S. Dresser, who lives at the old Judge William Hall place, within a few yards of the public square, a whole brick was found imbedded in the heart of the tree. The tree was about three feet and six inches in diameter and is supposed to be nearly a century old. The brick was found in the largest part of the trunk of the tree, within two or three feet of the ground, and the heart of the tree was solid. How the brick came to be in the tree is a mystery.

OKLAHOMA TO HAVE AN ILLITERACY COMMISSION.

Some word about R. H. Wilson is preparing to present to the legislature a bill, which has for its purpose the eradicating of illiteracy from the State of Oklahoma. He is following, more or less, the plan adopted by the State of Kentucky, which was brought about by the activities of Mrs. Cora Wilson Stewart. This is in line with Superintendent Wilson's plan to devote the larger portion of his time during the next administration to the betterment of rural schools.—The Daily Oklahoman.
